

In accordance with Regulation (EC) No 2020/878 Revision date: 02/11/2022 Version number: 04

Product Identifier		
	loof Durkhaldaria	oonooio Soloototoh™
		cepacia Selectatab™
Product Code: M	IS22	
2 Relevant identified uses of the subs	tance or mixture	and uses advised against
Recommended uses: In	<i>n vitro</i> diagnostic pr	oduct; Laboratory chemical
Uses advised against: N	lo information avail	able

# In accordance with Regulation (EC) No 2020/878 Revision date: 02/11/2022 Version number: 04

#### 2.3 Other hazards

#### No information available

# 3. Composition/information on ingredients

Composition: A multi-component freeze-dried tablet containing ticarcillin, and polymyxin B in an inert carrier.

#### Hazardous ingredients:

Component	CAS-No.	EC-No.	Concentration	CLP Classification – 1272/2008/EC	Classification to – 67/548/EEC
Ticarcillin	4697-14-7	-	22%	<ul> <li>Skin irritation Cat. 2: Eye irritation Cat. 2:</li> <li>Respiratory sensitization Cat. 1; Specific target organ toxicity – single exposure Cat. 3.</li> <li>H315 - Causes skin irritation.</li> <li>H319 - Causes serious eye irritation.</li> <li>H334 - May cause allergy or asthma symptoms or breathing difficulties if inhaled.</li> <li>H335 - May cause respiratory irritation.</li> </ul>	Xn, harmful. R36/37/38 Irritating to eyes, respiratory system and skin. R42/43 May cause sensitization by inhalation and by skin contact.
Polymyxin B	1405-20-5	215-774-7	7%	Acute toxicity, Oral Cat. 4: H302 – harmful if swallowed	Xn, harmful. R22 - harmful if swallowed

4. First-aid measures

#### 4.1 Description of First Aid measures

General advice:	Consult a physician. Show this safety data sheet to the doctor in attendance.
Eye contact:	Rinse thoroughly with plenty of water for 10 to 15 minutes, also under the eyelids. Obtain medical attention if irritation persists.
Skin Contact:	Wash off skin thoroughly with soap and plenty of water. Obtain medical attention if irritation persists.
Ingestion:	Rinse mouth out with plenty of water. Obtain medical attention if symptoms occur.
Inhalation:	Move person to fresh air. Obtain medical attention immediately if symptoms occur.

### 4.2 Most important symptoms and effects, both acute and delayed

No information available.

#### 4.3 Indicate any immediate medical attention and special treatment needed

No information available.

### 5. Fire fighting measures

#### 5.1 Extinguishing medium

Suitable extinguishing media: Use water spray, CO2, foam or dry powder as the extinguisher medium.

Extinguishing media which must not be used for safety reasons: No

No information available

# 5.2 Special hazards arising from the substance or mixture

Combustible material. Thermal decomposition may lead to release of irritating gases and vapours.

#### 5.3 Advice for firefighters

Wear suitable self contained breathing apparatus for fire fighting if necessary.

#### 5.4 Additional information

No data available.

# In accordance with Regulation (EC) No 2020/878 Revision date: 02/11/2022 Version number: 04

6. Accidental release measures			
6.1 Personal precautions, protective equipment and emergency procedures			
	Ensure adequate ventilation	n. Wear appropriate protective equipment. Avoid dust formation.	
6.2 Environmental precautio	ns		
	Should not be released into	the environment.	
6.3 Methods and materials for	or containment and cleanin	g up	
	Sweep up or vacuum up sp	illage in suitable container for disposal. Avoid dust formation.	
6.4 <b>Further information</b>			
	No data available.		
7. Handling and storage			
7.1 Precautions for safe hand	dling		
	-	and elething Avoid ingestion and inhelation. Avoid dust formation	
	Avoid contact with eyes, skin and clothing. Avoid ingestion and inhalation. Avoid dust formation.		
7.2 <u>Conditions for safe storage, including any incompatabilities</u>			
\$	Store at 2°C to 8°C. Keep tig	htly closed in the container provided. Protect from direct sunlight and moisture.	
7.3 Specific end use(s)			
This product is for laboratory use only and should only be used by suitably trained laboratory personnel.			
8. Exposure controls and personal protection			
8.1 <u>Control parameters</u>			
Components with workspace of	control parameters: This pr	oduct has no occupational exposure limits.	
8.2 Exposure controls			
Engineering controls:	No engineering protection r	required.	
Personal protective measures:	Body protection:	Wear standard microbiology laboratory coat.	
	Eye/face protection:	Safety glasses with side shields conforming to EN 166.	
	Skin and hand protection:	Handle with suitable gloves conforming to EN 374. Product may be handled with forceps.	
	Respiratory protection:	If required use a nuisance type particle respirator type P1 EU EN 143.	
General hygiene measures:	Handle in accordance with Wash hands before breaks	good laboratory practice. and at the end of the working day.	

In accordance with Regulation (EC) No 2020/878 Revision date: 02/11/2022 Version number: 04

# 9. Physical and Chemical properties

# 9.1 Information on basic physical and chemical properties

Physical state:	Lyophilised tablet.
5	
Colour:	White to off-white colour.
Odour:	Odourless.
Melting point/freezing point:	No data available.
Initial boiling point/range:	No data available.
Flammability:	No data available.
Lower and upper explosion limit:	No data available.
Flash point:	No data available.
Auto-ignition temperature:	No data available.
Decomposition temperature:	No data available.
рН	No data available.
Kinetic viscosity:	No data available.
Solubility in water/other solvents:	No data available.
Partition coefficient (n-octanol/water):	No data available.
Vapour pressure:	No data available.
Density/Relative density:	No data available.
Relative vapour density:	No data available.
Decomposition temperature	No data available.
Particle characteristics:	No data available.

#### 9.2 Other information

No data available.

# 10. Stability and reactivity

### 10.1 Reactivity

No known on information available.

### 10.2 Chemical stability

Stable under normal conditions.

### 10.3 Possibility of hazardous reactions

No data available.

# 10.4 Conditions to avoid

Hygroscopic. Avoid exposure to sunlight.

#### 10.5 Incompatible materials

None known.

### 10.6 Hazardous decomposition products

None under normal use conditions.

# 11. Toxicological information

#### 11.1 Information on toxicological effects

Overall product information: This product does not present an acute toxicity based on known or supplied information.

Acute toxicity: **For ticarcillin** - LD<sub>50</sub> Oral - rat - 16,000 mg/kg. Also see RTECS: XM9410000

For polymyxin B - LD<sub>50</sub> Oral - mouse - 790 mg/kg; LD<sub>50</sub> Intraperitoneal - mouse - 20.5 mg/kg; LD<sub>50</sub> Intravenous - mouse - 5.4 mg/kg. Also see RTECS: TR1150000

In accordance with Regulation (EC) No 2020/878 Revision date: 02/11/2022 Version number: 04

Skin corrosion/irritation:	No data available.
Serious eye damage/ eye irritation:	No data available.
Respiratory or skin sensitisation:	May cause allergic respiratory reaction.
Germ cell mutagenicity:	No data available.
Carcinogenicity:	IARC: No component of this product is present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
Reproductive toxicity:	For ticarcillin – Developmental Toxicity - rat - Intravenous Specific Developmental Abnormalities: Musculoskeletal system. Developmental Toxicity - rat - Subcutaneous Effects on Embryo or Fetus: Fetotoxicity (except death, e.g., stunted fetus). Specific Developmental Abnormalities: Musculoskeletal system.
Specific target organ toxicity – single exposure:	No data available.
Specific target organ toxicity – repeated exposure:	No data available.
Aspiration hazard:	No data available.
Potential health effects:	Inhalation May be harmful if inhaled. Causes respiratory tract irritation. Ingestion May be harmful if swallowed. Skin May be harmful if absorbed through skin. Causes skin irritation. Eyes Causes serious eye irritation.

# 11.2 Toxicological data for the components

Assess endocrine disrupting properties for human health. This product does not contain any known or suspected endocrine disruptors.

# 12. Ecological information

12.1 Toxicity

No data available.

### 12.2 Persistence and degradability

No data available.

#### 12.3 Bioaccumulative potential

No data available.

#### 12.4 Mobility in soil

No data available.

### 12.5 Results of PBT and vPvB assessment

None known.

# 12.6 Endocrine disrupting properties: requiring you to give product information on adverse effects on the environment caused by endocrine-disrupting properties

This product does not contain any known or suspected endocrine disruptors.

12.7 Other adverse effects

No data available

In accordance with Regulation (EC) No 2020/878 Revision date: 02/11/2022 Version number: 04

### 13. Disposal considerations

Disposal considerations: Dispose of in accordance with local and national regulations. Dispose of contaminated waste, e.g. used plates, according to local microbiological rules.

### 14. Transport information

14.1 UN Number

ADR/RID: IMDG: IATA: Not dangerous for shipping

#### 14.2 UN proper shipping name

ADR/RID: IMDG: IATA: Not dangerous for shipping

# 14.3 Transport hazard class(es)

ADR/RID: IMDG: IATA: Not dangerous for shipping

### 14.4 Packaging group

ADR/RID: IMDG: IATA: Not dangerous for shipping

#### 14.5 Environmental hazards

ADR/RID: IMDG: IATA: None known.

#### 14.6 Special precautions for user

No data available

No data available

# 1.1 Maritime transport in bulk according to IMO instruments

# 15. Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

No data available.

# 15.2 Chemical safety assessment

Chemical safety assessment reports are not required for mixtures/IVD products.

16. Other information		
Original origination date:	31/10/1999	
Reason for change to document:	Updated in accordance with Regulation (EC) No 2020/878	
	The above information is believed to be correct but does not purport to be all inclusive and shall be used as a guide only. The information in this document is based on the present state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It does not represent any guarantee of the properties of the product and is designed only as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. Mast Group Ltd. shall not be held liable for any damage resulting from handling or from contact with the above product. See our website at www.mast.grp.com and/or the reverse side of our invoice for additional terms and conditions of sale.
